Data represented on this map is for REFERENCE USE ONLY and is NOT to be used in place of a legal land survey! The Utah School and Institutional Trust Lands Administration (SITLA) IT/GIS Department assumes no responsibility for errors or omissions in these materials. While SITLA seeks to verify data for accuracy and content, discrepancies may exist within the data. SITLA hereby disclaims any and all liability due to the use or misuse of this map and the data represented on this map. The user assumes total responsibility for verification and use.

Lakes, rivers, streams, highways, roads, county and state boundaries were USGS DLG 1:100,000 source files, and contour lines (if present) were generated from USGS DEM 3-arc-second files, collected and distributed by the Utah Automated Geographic Reference Center. The ownership information was originally digitized by Utah State University from BLM 1:100,000 source maps and has been edited by Utah Trust Lands Administration (TLA) to reflect current state ownership. TLA surface and mineral ownership is frequently being updated and verified by TLA. Official and detailed information is available from the responsible agencies.

The Paleo Sensitive Area data was provided by the Utah Geological Survey. For information about paleontological resources please contact the State Paleontologist's office:
 Jim Kirkland, (801) 537-3307 jameskirkland@utah.gov
